

Special Events!

For The Entire Family!

Shooting classes are held at the range, for beginners, Florida concealed weapon qualifications and advanced classes with internationally known instructors.

The *Soldiers Over Seas* rifle match raised funds to give our local troops free long distance phone cards to call home while in Iraq.

Family Fun Day is an open house with a cookout, special demonstrations of firearms from the pre-1840s to modern day semi-automatics. Ever wanted to try out a firearm or competition? In many

cases, firearms are made available for individual try-outs as well as competition stages.

ERML's *Celebrity Shoot-Out* always draws a crowd during election time as we are able to speak with local officials and see their support for the Second Amendment in action on the range.

Almost every news reporter that comes to cover our events can't resist the fun and has to try it out. Television reporter Mollye Barrows was no exception with the Cowboy Pistols and shootin' steel! She's a good shot!

More than Just Muzzle Loading!

ERML is a private club intended for its members and guests. Membership period is 1 year and includes spouse and applicant's children under the age of 18. Applicant must be a member of the NRA or NMLRA, 18 years of age and free of any felony convictions. *Range safety rules apply to all members who are held responsible for their accompanied guests at all times.*

Memberships are offered at each of the following businesses:

Gateswood Sports, Inc. 850-476-0674
10020 Pensacola Boulevard, Pensacola, FL 32534

Uber's Lock & Gun 850-456-9456

More than Just Muzzle Loading!

Since 1978, ERML has prided itself at providing a safe facility that can be used for family outings, friendly competition, sighting the hunting rifle or just a relaxing afternoon of recreational shooting. Situated on 22 acres, all four of ERML's 130 yard ranges have covered firing lines and benches, three ranges for any firearm, except full-autos, and a fourth provided specifically for airguns, rimfire, black powder and archery. ERML has also completed EPA regulations for land stewardship compliance.

ERML's members are the glue that hold the shooting club together. Many opportunities are available for members to use their skills and trades, not just on scheduled workdays, but also with behind the scenes committees that help plan events and future needs.

The insatiable desire for competition can be fulfilled on any given weekend at ERML by a wide variety of shooting contests, some pure accuracy while others thrive on speed.

Black Powder masters the art of "loading at the bench" and hand holding whether using a smoothbore or rifled musket.

The **Cowboys** of the Single Action Shooting Society recreate the old west style of "problem solving" using combinations of period type revolvers, rifles and shotguns.

Action Pistol is represented with IDPA's style of defensive pistol shooting, using modern pistols in challenging courses of fire, shotguns and rifles which are sometimes included for a well rounded match. Be ready for multiple reloads with this bunch!

Military Rifle matches are held as club fundraisers using "as issued" rifles of the past and present.

ERML has also sponsored extra matches through organizations such as the **Glock Shooting Sports Foundation**.

So whether your visit is for relaxation, practice, competition or recreation, ERML has something to please just about everyone!
