The Board of County Commissioners (shown above) gave notice that our shooting range should move by May, 2008. Although we have provided, for over 25 years, millions of Leisure hours of shooting for thousands of residents and voters in this county, our voices are not heard.

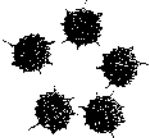

Maybe "We the People" have not spoken. We ask that you never try to harass, intimidate or threaten your elected county officials. We want to work out a compromise to secure other county land for our club. Just let them know you want to be heard.

Have you, as a member of the ERML sent a letter and an e-mail to all of the elected officials above???

If not.....THEN WHY NOT NOW.....The information you need is above.
